

# CUB SCOUT DAY CAMP

## 2011 NATIONAL STANDARDS FOR LOCAL COUNCIL PRECAMP AND OPERATIONAL ACCREDITATION OF CUB SCOUT/WEBELOS SCOUT DAY CAMP

This booklet includes procedures, standards, and explanatory information for the 2011 camping season. The National Standards Accreditation Score Sheet for Cub Scout/Webelos Scout Day Camps is a separate four-part form for use in reporting to the council, region, and Outdoor Programs Team. Attach all accreditation team recommendations and items needing follow-up to this report for council use. The local council forwards copies to the region and the Outdoor Programs Team.

Day camp is an organized one- to five-day program for Tiger Cubs (and their adult partner), Cub Scouts, and Webelos Scouts under trained leadership at an approved site, during daylight or early evening hours but not overnight. **Day camp youth participants are limited to registered Tiger Cubs (and their adult partners), Cub Scouts, and Webelos Scouts.**

### PURPOSE

The standards are established to:

1. Ensure the health, safety, and well-being of every camper, leader, visitor, and staff member while on camp property.
2. Ensure that the council takes pride in the high quality of its day camp(s), including the program, staff, facilities, and equipment.

Regardless of the length or location of the day camp, the local council is responsible for assuring that the facilities meet these standards.

As a result of this analysis and rating, the council should be able to:

- Objectively review its day camp operation.
- Discuss the year-round outdoor program opportunities.
- Issue a written report for executive board action, complete with recommendations, that can be used to guide corrective measures.

### RESPONSIBILITY

The Scout executive is responsible for maintaining national standards, with help from the camping committee, health and safety committee, and other appropriate council committees. The accreditation team and the camp director are responsible for ensuring that all standards are or will be in effect when camp

opens. In some cases, the camp director must administer the operating part of the standards. This same principle of assigned responsibility applies to the balance of the standards.

The precamp accreditation is designed to help identify facilities and equipment that need to be brought up to standard before camp opens. Accreditation team members must have current training (within two seasons) as visitation team specialists.

### PROCEDURE

**Part I**—A day camp accreditation visit should be done as early as possible to allow time to take action on checked items, and no less than 60 days before the day camp begins. **Use the Precamp Accreditation column on pages 4–11.** The accreditation team consists of the council camping chair, health and safety chair, day camp director, and Scout executive or designee, plus other committee members and staff as needed. Compliance with standards is to be indicated by the council representatives. The accreditation team will review the precamp checks indicating action needed to be taken at the time of the camp accreditation.

**Part II**—While the day camp is in operation, the accreditation team appraises the camp by

1. Touring the camp facilities during hours of operation, using this form as a guide. During the tour (visitation), the team must take time to do a good job. Most importantly, the team must insist on immediate action to correct critical items affecting the health and safety of campers and staff.
2. Observing the use of equipment, methods of instruction, use of personnel, and any obvious indications of Scouting ideals in action. During the tour, talk with leaders and boys. Discuss the program with the program director and other staff members.

**Part III**—After completing the day camp visitation:

1. Meet and prepare a final analysis and rating for the camp, including recommendations and comments. Complete the four-part score sheet and distribute copies as noted.
2. Schedule and confirm a time to provide a report to the council executive board. (The chairs of the council camping committee and health and safety committee should make the report.)
3. The Scout executive sends copies of the score sheet, as noted, to the Outdoor Programs Team.

## SCORING

Use the camp accreditation score sheet to record the results of the accreditation visit. Forward it to the local council service center.

If any standard marked with an M (Mandatory) is not met, the camp or facility must be rated as conditionally accredited to operate.

Unless otherwise indicated, the word “adult” as used in the standards means the minimum legal age specified by the state in which the camp is located.

## CLOSING A DAY CAMP OR PROGRAM FACILITY

When a violation presents an immediate hazard to safety and health, the visiting accreditation team has the authority and responsibility to order immediate shutdown of that portion of the camp that is in violation.

## RATINGS AND RECOGNITIONS

(Count a nonapplicable item or an excused item as a “yes” when computing percentages.)

**NATIONALLY ACCREDITED CAMP** (Both must be marked “yes” to qualify.)

\_\_\_\_\_ Meets all standards marked with M (Mandatory).

(The only exceptions are nonapplicable or legitimately excused items.)

\_\_\_\_\_ Meets at least 90 percent (57 or more) of all standards.

If all mandatory (M) standards are not met or the total score is not 57 or more, the camp must be rated as conditionally accredited.

Nationally accredited day camps may display the Nationally Accredited Camp flag, No. 11013 (available to councils from the Supply Group). The Day Camp Accreditation Certificate, No. 13-110, is available from Bin Resource Requests, Supply Group, National Distribution Center. Use the order form on page 3 or call NDC at 1-800-323-0736.

### ADMINISTRATION

- \_\_\_ M1. A precamp accreditation visit (minimum of 60 days prior to start of camp) was conducted on \_\_\_\_\_.
- \_\_\_ M2. If the day camp is not conducted on council-owned or -managed property, a current-year written agreement specifying the conditions of use has been secured from the landowner.
- \_\_\_ M3. All necessary and required permits, certificates, licenses, and agreements to lawfully operate a camp at this location are current and displayed or on file at the site.
- \_\_\_ M4. Current-year letters of agreement with local authorities to provide emergency care or services to the camp are kept on-site. These include fire, ambulance, and law enforcement authorities.
- \_\_\_ M5. Accident and sickness insurance is in effect for all campers and staff.
- \_\_\_ M6. A complete equipment inventory and an effective system of issuance and control exists for all departments.
- \_\_\_ M7. A strict and orderly method exists for handling trading post stock, cash, and inventory, including support records.
- \_\_\_ M8. A camp operating budget with an effective cost-control and budget-control system is in effect and shared with key staff.
- \_\_\_ M9. A current-season written agreement with a nearby hospital is on file, regarding procedures for admitting participants and procedures for handling financial arrangements for treatment, if necessary.

- \_\_\_ 10. No. 10 is intentionally blank to maintain numerical sequence.
- \_\_\_ M11. A current (within 12 months) health history (Parts A and C of form 34605) for each camper, leader, and staff member is on file in camp during the camping period.
- \_\_\_ M12. A daily record of all first-aid and medical treatments (written in ink) is kept in the First Aid Log, No. 33681. Alternatively, smaller day camps may use the First Aid Log for a Council/District Activity or Event available at [www.scouting.org/scoutsource/HealthandSafety.aspx](http://www.scouting.org/scoutsource/HealthandSafety.aspx). Staff records are kept in a separate logbook. At the close of camp, first-aid logs are returned to the local council service center and retained for 18 years. The day camp director shall review and initial the logbook throughout the camping period to determine whether action is required to prevent recurrences.  
  
All injuries, illnesses, and incidents requiring the intervention of a medical provider beyond basic Scout-rendered first aid shall be reported using MyBSA—Resources—Incident Reporting. Fatalities or other catastrophic incidents including multiple serious injuries or illness should be immediately reported following guidance in the crisis communication plan and reporting folder.
- \_\_\_ M13. Appropriate emergency transportation is available at all times.
- \_\_\_ M14. The camp provides adequate shelter and/or protection for inclement weather.

<b>Precamp Accreditation</b> (Check if action needs to be taken.)	<b>Operational Accreditation</b> YES NO NA	<b>Precamp Accreditation</b> (Check if action needs to be taken.)	<b>Operational Accreditation</b> YES NO NA
<input type="checkbox"/> M15. Campgrounds are clean, neat, and free of hazards. When possible, program, washing, and toilet facilities are available to Cub Scouts and leaders with disabilities.	<input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>	<input type="checkbox"/> M20. All motor vehicles used by the camp, including private cars, vans, and buses used for transportation of passengers, are kept in safe mechanical order (registered and inspected) and are operated in a safe and legal manner. Under no circumstances are youth to be carried in the bed of or towed behind a pickup. The beds of trucks or trailers must never be used for carrying youth. Hayrides may be provided following the restrictions outlined in the <i>Guide to Safe Scouting</i> . A seat belt is available for each person in each motor vehicle (except commercial buses). All watercraft meet U.S. Coast Guard and local standards.	<input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>
<input type="checkbox"/> M16. Drinking water is from an approved municipal source or is tested regularly during the season for bacteriological quality, and meets state and local health department standards. (Check certification.)	<input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>	<input type="checkbox"/> M21. Vehicles belonging to staff, leaders, and visitors are parked in a designated camp parking area. Roads in the camp are restricted to service vehicles and only on a limited basis.	<input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>
<input type="checkbox"/> M17. Drinking water is provided at central locations via sanitary fountains or portable water coolers. Personal (individual use only) water bottles or disposable cups (no shared cups) may be used.	<input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>	<input type="checkbox"/> M22. Current emergency telephone numbers for the fire department; police and rescue squad; hospital; camp physician; and Scout executive's home, mobile, and office are posted. Alternative personnel are designated for the camp physician and the Scout executive. A backup or alternative communication system is available at all times.	<input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>
<input type="checkbox"/> M18. Adequate male and female toilet facilities (one per 30 campers or the state requirement) and hand-washing facilities are provided for visitors and campers.	<input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>	<input type="checkbox"/> M23. The camp administration has written procedures in place to address possible intrusion of unauthorized personnel into camp. A review of the site's security concerns is conducted during staff training. Campers are coached about steps to take in such instances. Appropriate identification is given to campers, staff, and visitors.	<input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>
<input type="checkbox"/> M19. Written plans (updated annually and specific to the site) for handling emergencies such as floods, tornadoes, storms, lightning, fires, accidents, lost children, sickness, and fatalities are on hand and have been shared and practiced with staff and leaders.	<input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>

- \_\_\_ M24. Written procedures are in place regarding (1) release of campers who are minors to a parent or to people other than the legal parent or guardian; and (2) daily verification of absentees or “no shows” with or by the camp leaders at check-in/registration time.     \_\_\_ \_\_\_ \_\_\_
- \_\_\_ M25. Fire extinguishers of an approved type with unexpired inspection tags are properly located in buildings, in accordance with local recommendations.     \_\_\_ \_\_\_ \_\_\_
- \_\_\_ M26. Garbage and trash disposal meets the BSA’s standards as defined in *Camp Health and Safety*, No. 19-308, or meets local or state regulations—whichever are more stringent.     \_\_\_ \_\_\_ \_\_\_
- \_\_\_ M27. Kitchen, dining halls, commissary facilities, and feeding areas are sanitary, neat, and in compliance with local health regulations.     \_\_\_ \_\_\_ \_\_\_
- \_\_\_ M28. Dishes and cutlery are washed, disinfected, and dried. All dishes and cutlery are stored in clean, insect-proof enclosures.     \_\_\_ \_\_\_ \_\_\_
- \_\_\_ M29. Meals, when furnished, are dietitian-approved, nutritionally balanced, and of sufficient quantity and quality to meet the needs of growing boys.     \_\_\_ \_\_\_ \_\_\_
- \_\_\_ M30. A food cost-control record and complete inventory of commissary supplies is maintained during the camping period.     \_\_\_ \_\_\_ \_\_\_
- \_\_\_ M31. Equipment is available in camp to maintain milk and other perishable foods under sanitary conditions at a temperature not over 4°C (40°F). A temperature chart, No. 34230, is posted daily near each permanently installed refrigerator.     \_\_\_ \_\_\_ \_\_\_

- \_\_\_ M32. Food handlers are neat, wear clean clothing, and comply with all state and local laws.     \_\_\_ \_\_\_ \_\_\_

### STAFF, TRAINING, AND ORIENTATION

- \_\_\_ M33. Every staff member, whether an employee or volunteer, has completed a position application and received a written position description and day camp volunteer agreement.     \_\_\_ \_\_\_ \_\_\_
- \_\_\_ 34. The professional adviser or volunteer day camp adviser possesses a valid Cub Scout/Webelos Scout Day Camp Administration certificate of training from National Camping School.

\_\_\_ M37A. If swimming and/or boating activities are conducted on council-owned or -operated properties or a private facility using BSA personnel, the aquatics program must be directly supervised by a camp aquatics director aged 21 or older who has a current National Camping School certificate of training in either Aquatics Instructor BSA or Aquatics Supervisor. The aquatics director is also currently trained in American Red Cross First Aid and CPR/AED for the Professional Rescuer or equivalents.

Age: \_\_\_\_\_

Training:

Aquatics Instructor BSA

Aquatics Supervisor

Certificate of training expires \_\_\_\_\_

First-aid training expires \_\_\_\_\_

CPR/AED training expires \_\_\_\_\_

For swimming activities, there must be a sufficient number of aquatics staff members with current lifeguard training from the BSA, American Red Cross, YMCA, or other recognized agencies to satisfy state regulations for guard-to-patron ratios. Sufficient additional staff members are available to satisfy BSA Safe Swim Defense guidelines for lookouts and response personnel. In accordance with Department of Labor regulations, 15-year-old paid staff members with lifeguard training certificates may only work as lifeguards for swimming activities in a swimming pool. Lifeguards for swimming activities in a natural body of water must be at least 16 and have an appropriate lifeguard training certificate.

For boating activities, the camp aquatics director is assisted by additional personnel to satisfy supervision and training guidelines consistent with BSA Safety Afloat guidelines for Cub Scouts.

Sufficient time is allowed during staff training for the aquatics director to review aquatics programs and safety with all appropriate staff, including special situations identified during medical screening and aquatic specific emergency action plans.

## 2011 DAY CAMP STANDARDS

**Precamp Accreditation**  
(Check if action needs to be taken.)

**Operational Accreditation**  
YES NO NA

**Precamp Accreditation**  
(Check if action needs to be taken.)

**Operational Accreditation**  
YES NO NA

\_\_\_ M37B. If a swimming program is conducted at a licensed swimming facility, supervision may be provided by facility employees whose training is regulated by state authorities, in lieu of the supervision required in standard M37A. M37B applies to established pools, spray parks, water parks, and lakefront swimming areas either shared with the public or rented for exclusive use by the council. \_\_\_\_\_

Camps that conduct both a swimming and boating program must have an aquatics director with the training specified in M37A.

The following items must be coordinated in advance between facility management providing supervision and day camp management. Camp management is represented by either a camp aquatics director trained as per standard M37A or the camp administrator and camp director or program director. Assistance from the council aquatics committee may be appropriate. In areas from which the public is excluded, Safe Swim Defense policies should be implemented as they would be at a council-staffed facility.

At areas shared with the public, some points of Safe Swim Defense may need accommodation. Note that swim tests are not needed if everyone is limited to shallow-water activities (waist-deep for Cub Scouts).

Review application of Safe Swim Defense, including:

1. Special precautions indicated by medical screening
2. Screening process for swimming ability
3. Designation of depths appropriate for swimmer classifications
4. Check-in and check-out procedures
5. Buddy responsibilities
6. Role of day camp staff in maintaining discipline
7. Role of day camp staff during emergencies

\_\_\_ M38A. A physician, licensed in the state in which the day camp is located, is responsible for medical care and health supervision of the camp. The name of the physician and the procedure for issuance of medications and standard operating procedures are in writing and comply with state regulations. \_\_\_\_\_

(Follow *Camp Health and Safety*, No. 19-308.)

\_\_\_ M38B. The on-site camp health officer is a responsible adult holding current certification or a valid license as required for the position. \_\_\_\_\_

The on-site camp health officer must also have current certification in CPR by a recognized community agency.

\_\_\_\_\_

Check one:

- Licensed physician
- Licensed nurse practitioner
- Nurse (RN, LPN, or LVN)
- Licensed physician's assistant
- Medical student (has completed second year or more at a qualified medical school in the United States.)
- Paramedic
- Emergency medical technician (EMT)
- First responder program (any training provided by a nationally recognized agency)
- Military corpsman or medic
- The minimum requirement is current certification in the American Red Cross Standard First Aid program, which includes CPR or the National Safety Council First Aid program and CPR Level 1.

There is an established location for contacting the on-site health officer.

One staff member for every 40 campers must be coached in first-aid practices for conditions most likely to occur in camp and be trained in CPR by any recognized community agency.

When the camp health officer is out of camp, another adult with first-aid training is available.

39. An on-site camp staff member is responsible for proper business management practices and physical arrangements. \_\_\_\_\_

40. If the camp has a "tot lot," adult supervision and guidance are provided, and minimum state requirements are met. Two-deep leadership is provided by a "tot lot" supervisor at least 21 years of age and an assistant "tot lot" supervisor at least 18 years of age. Both are qualified to oversee dependent youth, and both have taken Youth Protection training (Camp Leadership: Youth Protection Begins With You, No. 34227); Seasonal Camp Staff Youth Protection and Personal Safety Training, No. 20-138 (available online at <http://info.netbsa.org>, under Council Operations Group, Boy Scout, Training); and the National Camping School Camp Security and Stress Management sessions, which may be conducted locally. Provisions are made for preschool-age children of adult leaders to be covered by sickness/accident insurance. \_\_\_\_\_

- M41. BB-gun marksmanship (no pellet guns) is conducted by a qualified range officer, at least 18 years of age. Additional adult supervision and guidance are provided, and minimum state requirements are met. All BB-gun range officers have successfully completed the BB-gun Safety and Training program from an authorized instructor, as outlined in *Shooting Sports for Cub Scouting*, No. 13-550. \_\_\_\_\_

\_\_\_ M43A. All key camp staff members are registered members of the Boy Scouts of America.

Key staff members include day camp administrator, day camp director, program director, business and physical arrangements manager, health officer, craft director, National Camp School-trained aquatics supervisor, range officer, and also other staff members on-site who have been part of the day camp planning process or have participated in staff training. See *Cub Scout Day Camp*, No. 13-33815.

\_\_\_ M43B. Volunteers not listed in M43A who provide on-site leadership must undergo an orientation, receive a written summary of their duties and responsibilities prior to serving, and be supervised by a key staff member.

\_\_\_ M44. All day camp staff members must be at least 14 years of age. Den chiefs under 14 may only attend day camp if they are serving as a den chief for the same Cub Scout/ Webelos den that they serve in the local pack. Youth under the age of 14 may volunteer to help at the camp (but are not considered staff members) if under the direct supervision of a parent, guardian, or Boy Scout troop leader.

\_\_\_ M45. A minimum of one day of training annually has been given to staff. Staff training should follow agendas in the *Cub Scout Day Camp* manual, No. 13-33815, and/or Cub Scout Day Camp Staff Training Guide, No. 13-166.

\_\_\_\_\_ Staff Training Date

Required presentations include Camp Leadership—Youth Protection Begins With You, No. 623-127; Seasonal Camp Staff Youth Protection and Personal Safety Training, No. 20-138 (available online at <http://info.netbsa.org>, under Council Operations Group, Boy Scout, Training); and the National Camping School Camp Security and Stress Management sessions. A roster of participants and of those completing Youth Protection training is forwarded to the local council at the completion of training.

\_\_\_ M46. An orientation (precamp or opening day) has been provided for adult leaders and parent volunteers.
