MISSED HOUSE TRACKING

On average only 19% of all households are asked to purchase popcorn to help support Scouting. One of the biggest reasons for this low percentage is trying to reach people at home. This form is provided as a “tool” for you and your son to remember which homes have not been asked to support your son by purchasing popcorn. If you find it difficult to return to these homes, please provide this “Missed House” form to your Unit Popcorn Chair so that they can provide it to boys that are able to go back to these homes. THANK YOU for everything you do for your son to help him earn his way through Scouting and learning financial responsibility!!!
